

Avila Energy Corporation Announces Alberta Securities Commission Settlement

Calgary, Alberta – October 24, 2024 - Avila Energy Corporation (“Avila” or “Company”), trading symbol, (CSE: VIK, OTCM: PTRVF and FRA:6HG0), announces that it has settled its matter of with the Alberta Securities Commission (“ASC”) for misleading disclosure (“Settlement Agreement”).

The ASC has concluded a Settlement Agreement and Undertaking with Avila and its former CEO Leonard Van Betuw (“Van Betuw”) for misleading disclosure in connection with a December 2022 private placement offering under the Listed Issuer Financing Exemption.

In the Settlement Agreement, Avila and Leonard Van Betuw admitted to misrepresentation in breach of Alberta securities laws by misleading, untrue or incomplete statements in an offering document that was filed with the ASC on December 22, 2022.

Avila and Van Betuw acknowledged in the Settlement Agreement that the offering document misrepresented how Avila intended to use \$1.5 million of the offering proceeds and that this information would have been expected to have significant effect on the market price of the securities offered by Avila. They further acknowledged breaching the *Securities Act* (Alberta) by filing a misleading or untrue certificate with the ASC as part of the offering document.

A copy of the Settlement Agreement and Undertaking is available on the ASC website at www.asc.ca.

About Avila Energy Corporation

The Company is an emerging CSE listed corporation trading under the symbol (‘VIK’), and in combination with an expanding portfolio of 100% Owned and Operated oil and natural gas production, pipelines and facilities is a licensed producer, explorer, and developer of Energy in Canada. The Company’s long-term vision is to achieve through the implementation of a closed system of carbon capture and sequestration, an established path towards the material reduction of Tier 1, Tier 2 and Tier 3 emissions and continues to work towards becoming a vertically integrated Carbon Neutral Energy Producer. The Company’s goals are to be achieved by focusing on the application of proven geological, geophysical, engineering, and production techniques in combination with the delivery of Direct-to-Consumer energy sales to both residential and commercial consumers.

WTI - West Texas Intermediate, the reference price paid in U.S. dollars at Cushing, Oklahoma for the crude oil standard grade

Forward-Looking Information & Forward-Looking Statements Cautionary Statement

Certain information in this news release, including the operations at the Company's properties, constitute forward-looking statements under applicable securities laws. Although Avila Energy Corporation believes that the expectations reflected in these forward-looking statements are reasonable, undue reliance should not be placed on them because Avila Energy Corporation can give no assurance that they will prove to be correct. Since forward-looking statements address future events and conditions, by their very nature they involve inherent risks and uncertainties. The forward-looking statements contained in this news release are made as at the date of this news release and the Company does not undertake any obligation to update publicly or to revise any of the included forward-looking statements, whether as a result of new information, future events or otherwise, except as may be required by applicable securities laws. This release includes certain statements that may be deemed "forward-looking statements." All statements in this release, other than statements of historical facts, that address future production, reserve potential, exploration drilling, exploitation activities and events or developments that the Company expects are forward looking statements. Although the Company believes the expectations expressed in such forward-looking statements are based on reasonable assumptions, such statements are not guarantees of future performance and actual results or developments may differ materially from those in the forward-looking statements. Factors that could cause actual results to differ materially from those in forward looking statements include market prices, exploitation, and exploration successes, continued availability of capital and financing, and general economic, market or business conditions. It should not be assumed that the estimates of net present value of future net revenue attributable to the Company's reserves presented above represent the fair market value of the reserves. The recovery and reserve estimates for the Company's oil, NGL, and natural gas reserves provided herein are estimates only and there is no guarantee that the estimated reserves will be recovered. Further, there is no assurance that the forecast prices and cost assumptions will be attained, and variances could be material. Investors are cautioned that any such statements are not guarantees of future performance and those actual results or developments may differ materially from those projected in the

forward-looking statements. Barrel ("bbl") of oil equivalent ("boe") amounts may be misleading particularly if used in isolation. All boe conversions in this report are calculated using a conversion of six thousand cubic feet of natural gas to one equivalent barrel of oil (6 mcf=1 bbl) and is based on an energy conversion method primarily applicable at the burner tip and does not represent a value equivalency at the well head. This news release shall not constitute an offer to sell or the solicitation of any offer to buy, nor shall there be any sale of these securities in any jurisdiction in which such offer, solicitation or sale would be unlawful. The securities offered have not been and will not be registered under the U.S. Securities Act of 1933, as amended, and may not be offered or sold in the United States absent registration or applicable exemption from the registration requirements of the U.S. Securities Act and applicable state securities laws. Trading in the securities of Avila Energy Corporation should be considered highly speculative. Neither the Canadian Share Exchange nor its Regulation Services Provider (as that term is defined in the policies of the Canadian Share Exchange) accepts responsibility for the adequacy or accuracy of this release. For more information on the Company, Investors should review the Company's registered filings which are available at www.sedar.com.
